COMPANY PORTFOLIO

Demolition, Earthworks, Marine Works
and Industrial Support Solutions

ESTABLISHED 1994 | ABU DHABI, UAE

COMPANY OVERVIEW

BUILT ON EXPERIENCE.
FOCUSED ON THE WORK.

Petroleum Machinery and Technical Equipment - L.L.C. - S.P.C. (PMTE) is an Abu Dhabi contractor supporting demolition, earthworks, marine and industrial assignments.

Established on 19 January 1994, PMTE has documented experience across government and private-sector projects, including exhibition facilities, urban redevelopment, waterfront environments, education assets and regional site works.

PMTE combines practical site teams, project-specific machinery and coordinated transport support to deliver defined scopes methodically.

INTEGRATED SITE SUPPORT

ONE ACCOUNTABLE FIELD PARTNER.

Eight licensed activities organised around demanding UAE demolition, construction, industrial and waterfront environments.

01

DEMOLITION & DECOMMISSIONING

Structural demolition, controlled dismantling, building removal and decommissioning support.

02

EXCAVATION & EARTHWORKS

Bulk excavation, cut-and-fill, grading, foundation excavation and site preparation.

03

MARINE WORKS

Harbour and shoreline support, underwater concrete removal and waterfront operations.

04

CONCRETE & ASPHALT REMOVAL

Cutting, structural sawing, asphalt removal and controlled breaking.

05

WASTE TRANSPORTATION

Debris clearing, waste transport and coordinated haulage to approved facilities.

06

METAL CONSTRUCTION

Metal construction contracting and practical site support.

07

OIL & GAS FIELD SERVICES

Support for onshore and offshore fields, installations and facilities.

08

EQUIPMENT & TECHNICAL SUPPLY

Oilfield equipment, devices, spare parts, barriers and e-gates.

DEFINED SCOPE. DISCIPLINED DELIVERY.

PMTE plans people, plant, transport and site interfaces around each approved work scope.

01

REVIEW

Confirm the scope, location, access, constraints and required handover condition.

02

PLAN

Match equipment, teams, attachments, transport and sequencing to the work.

03

EXECUTE

Carry out the defined demolition, excavation, marine or support activities.

04

HANDOVER

Complete clearing, levelling or closeout activities within the agreed scope.

MAJOR ACHIEVEMENT - 27 NOVEMBER 2020

165.032 METRES CONTROLLED DEMOLITION

GUINNESS WORLD RECORDS ASSOCIATION

PMTE was associated with Modon Properties on the controlled demolition of a 165.032-metre building in Abu Dhabi on 27 November 2020.

The achievement records PMTE as an associated contractor on the controlled-demolition project.
